# DISCLOSURE

Please note for this section :

In order to complete the application process for a place at Beau Soleil, the parent(s) or legal guardian of each student must complete the following section. A failure to do so will mean that the student cannot be considered for acceptance. Equally, if evidence emerges to demonstrate that the disclosure form has not been completed honestly and fully, this may constitute sufficient reason for withdrawing a student from the application list, withdrawing an offer of a place, or withdrawing a student already enrolled in the school. This policy is to help the school ensure that only students for whom the school can provide a

suitable educational and social support structure are admitted. It is important to emphasise that evidence of previous problems will not automatically exclude a student from fair consideration. Many students have completed very successful school careers at Beau Soleil by overcoming a range of difficulties or learning from earlier mistakes. It should be emphasised that Beau Soleil will treat this information with the strictest confidentiality within the restricted group which manages student admissions.

Please read carefully and select any that are applicable to the student applying

- Has the candidate ever been diagnosed with learning difficulties of any kind (e.g. dyslexia, dyspraxia, acute anxiety, hyperactivity, attention deficit, Asperger's Syndrome, autism)?
- Has the candidate ever been the subject of a psychologist's report? (If so, a copy of this should be submitted with this statement)
- Does the candidate have any health conditions or disabilities (physical or psychological), past or present, that have had an impact on his or her capacity to attend school fully and regularly?
- Has the candidate ever suffered a traumatic event of which the school should be aware in dealing appropriately with their personal needs?
- Has the candidate encountered other difficulties or demonstrated particular needs of which you feel the school should be aware in order that his/her academic progress and integration into school life can be positively supported?
- Has the candidate ever used drugs or controlled substances, including so-called «soft» drugs such as marijuana? Has the candidate ever consumed alcohol to excess to the point of losing consciousness? Has the candidate ever misused medication? (Even isolated incidents of the behaviours mentioned above should be mentioned here)
- Has the candidate ever exhibited any of the following behaviours ? Violence or aggression towards others; self-mutilation; suicidal tendencies (threats, attempts); kleptomania (compulsive stealing); mythomania (fabrication of untrue stories); abuse of property (graffiti, car damage, window-breaking)
