

Sharing your child's achievements: consent for photos, video footage, name, and schoolwork

Dear Parents,

As part of our commitment to transparency and respect for your family's privacy, we want to explain how your consent allows us to celebrate and share your child's achievements within the school community. Here's a brief overview of what consent entails and how you can manage it.

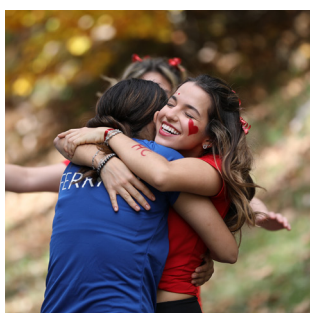

Your consent

When you enroll your child at Collège Alpin Beau Soleil, you are giving us consent to use your child's photos, video footage, name, or schoolwork. These materials allow us to highlight their accomplishments and activities, as outlined in Section I of our Terms & Conditions.

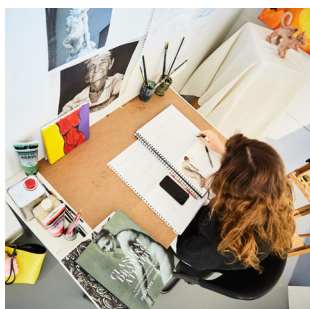

Why do we use this information?

The photos, video footage, names, or schoolwork shared may be used in school publications, classroom projects, or displays that celebrate student achievements within the school community. This supports our goal of fostering an inspiring and inclusive environment where all students' progress and contributions are valued and acknowledged.

Withdrawing your consent

We understand that your preferences may change over time. You may withdraw your consent at any time by contacting us at principal@beausoleil.ch. Please note that any withdrawal will apply moving forward, meaning that materials already processed or shared before the withdrawal remain valid.

In summary...

We appreciate your trust in allowing us to celebrate your child's journey and are committed to respecting your preferences regarding the use of their images, work, and achievements.

If you have any questions or would like more information about consent and the use of your child's information, please reach out to us at the above email. We're here to help!
